

# Say NO to Lam's Traffic Jam

The City of Tualatin is reviewing a proposal to dump more traffic onto Tualatin Road at 108th.

## 200+ more cars

- More Crashes
- Longer Waits
- Traffic Jams
- More Air Pollution
- More Noise

## The City needs your input!

Sample email is already written.  
It takes 3 clicks to say **NO**!  
Just **Load** and **Send**!

**LOAD and SEND!**

## What's the solution?

**Leveton Drive** and **Herman Road** on the south side of Lam's campus were built for industrial use and have plenty of capacity available. Tualatin Road does not.

We are requesting:

- NO new employee entrance on 108th
- NO trips added to Tualatin Road
- Lam use Leveton Drive & Herman Road

## Can I really make a difference?

Yes! We can win on the merits, and if the community speaks out, we can win on the numbers.
