

To preserve neighborhood livability, protect our health and quality of life, and defend our right to quiet enjoyment, we support the land use appeals filed in opposition to Lam's Building B expansion (AR26-0002) the negative impacts of which include:

- Air Pollution
- Chemical Hazards
- Noise Pollution

We Request:

- Full transparency and full disclosure of hazards.
- Mitigation of off-site noise-pollution impacts.
- Overturn the staff-level decision.
- Deny the land use application.
